I am concerned with the procedure for determining who receives settlements funds. I don't feel that anyone should be prioritized over anyone else and disbursement of collected funds should be equally provided to everyone. That said, I have personal guarantees from Lamar Adams, William B. McHenry Jr. as well as the company for which their business was operating and no consideration or attention/priority was given by the receiver. Beside that fact, when priority was determined I was not awarded any recouped money. Despite living unemployed, with the loss of my health, home, wife and family, and almost all my assets in a domino effect as a result from this Ponzi scheme. I find it difficult to comprehend and determine who receives recovered monies and who does not based on some formula that the receiver has determined to be fair to everyone at a loss! If you allow priority to certain individuals then a legal promissory document from those individuals responsible for this crime should have standing in the court and be enforced by it!

Thank you for your time and consideration,

I write to advise that I have reached proposed settlements with certain defendants in three of the Receivership Estate's lawsuits. The Court will hold a hearing on the proposed settlements on November 6, 2023 at 10:00 a.m. in Courtroom 5B of the Thad Cochran United States Courthouse, [501 E. Court Street, Jackson, MS 39201](#).

I have today mailed to all victims a letter describing the proposed settlements. I attach that letter here. You may also obtain more information at madisontimberreceiver.com. Click on "[Proposed settlements](#)" or read my most recent [receiver's report](#).
